

Corporate Brochure

Manufacturer and supplier of flexible copper single core & multi core house wire, submersible cables (waterproof & weatherproof) screened & unscreened instrumentation cables and compensating, shot firing cables & pvc drop wires.

- Profile -

The ultimate parameters of our growth and progress rest on our outlook into the future, a future fraught with greater targets, stiffer competition and more dedication. We are aware of the fact that the present infrastructure of well-equipped laboratories and extensive marketing network has to be effectively refurbished to meet the environment of tomorrow. Favorable pricing and dependable delivery of supplies is fully satisfied for market need.

UNIQUE Is Known For Its Quality, Durability & Reliability. Whenever You Buy **UNIQUE** cables, we buy the responsibility of looking after you. Innovation and continuous research are the corner stones of **UNIQUE** progress story. We strive to render service with a smile.

The requirement of cables has been increasing day by day. Due to the numerous cable manufacturers in India, the general people are at their wits end to decide which Brand reflects the quality & performance of cables. Therefore in order to invent a Brand Name that the mass can trust upon, we have introduced dependability called **UNIQUE CABLES**. It is **UNIQUE** because of the differentiation in the quality, product development, accurate application as per customers need & satisfaction. To achieve this goal, we have rendered the services of highly qualified engineers using state of the art technologies. **UNIQUE** Brand has inherited the experience of over 40 years from its mentor directors.
